PROFILE SUMMARY

Data-driven public health professional with hands-on experience in field data management, monitoring, and reporting for national polio eradication campaigns. Skilled in data cleaning, dashboard reporting, and process automation, with a proven track record of improving reporting accuracy and campaign efficiency. Seeking to contribute strong analytical and operational expertise to a growth-oriented team.

AREAS OF EXPERTISE

SQL • Power BI • Tableau • Data Cleaning • Data Visualization • ArcGIS Mapping • Power Automate • Requirement Gathering • Project Management • MS Office

PROFESSIONAL EXPERIENCE

Data Assistant | *District Emergency Operations Center (DEOC), D.I. Khan* **Jul 2026 – Present**

- Collect, verify, and consolidate district-level polio campaign data, ensuring accuracy and timely submission to provincial health authorities.
- Coordinate with field teams and Union Council officers to track campaign progress and resolve data discrepancies.
- Maintain digital records and reporting dashboards to support real-time decision-making during campaign monitoring.

Union Council Polio Officer (UCPO) | *World Health Organization* **Jan 2026 – Jun 2026**

- Supported polio eradication efforts through campaign management, AFP surveillance, and EPI program coordination across the assigned Union Council.
- Supervised field vaccination teams and led community engagement activities to strengthen immunization coverage.
- Monitored field data and conducted post-campaign evaluations, ensuring timely reporting and compliance with SOPs.

District Data Support Person | *World Health Organization* **Jan 2026**

- Verified and cleaned monthly cadre data (UCSP, PTPs/STPs, RSPs, Nomads) and submitted consolidated reports to the Provincial Office within a 15-day turnaround.
- Maintained and updated online tracking systems on a weekly and monthly basis.
- Collected, analyzed, and reported daily field activities from WHO staff to district leadership.
- Used Power Automate to clean and validate data across 52–70 reporting points, improving speed and accuracy.
- Mapped and validated personnel data across 52 teams, cross-checking HR records and ICM cluster assignments to achieve 99% accurate attendance reporting for field operations.

Temporary Team Monitor | *Polio Eradication Programme* **Jan 2015**

- Monitored team training, field validation, and intra-campaign performance across pre-, intra-, and post-campaign phases.
- Supported UPEC meetings and MP validation to ensure campaign quality standards were met.

Operations Manager | *Sha Posh Textile – D.I. Khan Branch* **Dec 2014**

- Led the branch sales team, increasing annual sales by 32% and driving revenue growth of 12% through targeted sales strategies.
- Managed retail operations including staffing, inventory, and market research to inform sales tactics.

- Trained and mentored sales staff, improving overall team performance.

ACCOMPLISHMENTS

- Award for Outstanding Performance in Data Management — District Commissioner & District Health Officer, KP (Oct 2025), for excellence in data validation, cleaning, and reporting under the Polio Eradication Initiative.
- Recognition Award — District Commissioner & District Coordinator, for contributions to the HTA campaign (2023).

DATA ANALYTICS PROJECTS

- Tableau: Designed an interactive dashboard for workforce data, applying data modeling, calculated fields/parameters, and custom chart formatting.
- ArcMap: Applied spatial data analysis and geospatial mapping techniques to support data-driven decision-making.

EDUCATION

BS Computer Science — Virtual University of Pakistan (Aug 2024 – Present)

Master of Banking & Finance — Sarhad University of Science & Information Technology, Peshawar | CGPA: 2.48/4.00

CERTIFICATIONS & TRAINING

- Visual Analytics with Tableau — UC Davis, Coursera (Feb 2024)
- Get Started with Tableau — Tableau eLearning (May 2025)
- Fundamentals of Data Visualization — University of Colorado Boulder, Coursera
- C++ Essentials 1 — Cisco Networking Academy, Virtual University Lahore (Nov 2024)
- Essential Epidemiologic Tools for Public Health Practice
- Introduction to Statistics & Data Analysis in Public Health
- 15-day Field Training — Khwendo Kor Awaz-e-Haq Project, D.I. Khan (5 workshops)
